

CASABLANCA AERONAUTIQUE

Company's data

Legal name : Casablanca Aéronautique
Legal : SARL
IF: 3304831
CNSS: 7462360
RC: Casablanca170701
Capital : 10 000 000 MAD
turnover : 3,5M €
Address: Aéroport de l'aéroport Mohamed V
20600 NOUASSEUR
Tel: +212 552 53 92 44
Fax: +212 552 53 92 43
Internet : www.slicom-group.com
Mail : contact@slicom-group.com

Activity

- Aero structures subsets assembly.
- Sheet metal subsets manufacturing
- Surface treatment

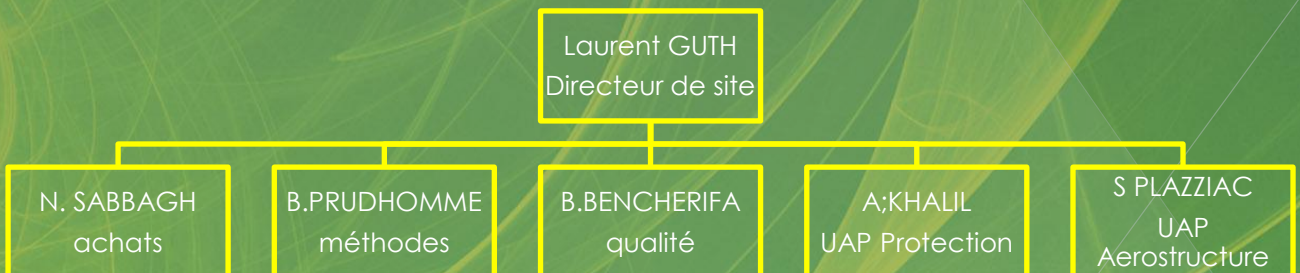

Used metals

- Aluminum
- Stainless steel
- Titanium

Qualifications & Agreements

ISO 9001, EN 9100
Special processes : ECF, AIRBUS, AIRCELLE, SOGERMA, CCA, ZODIAC

Organigramme

Infrastructure

- Sheet metal and assembly workshops 6500m²
- Surface treatment and painting workshops 2700m²
- 2 forklifts

Capacity

- Sheet metal work: 97000 hours
- Assembly: 39000 hours

Processes

Sheet metal work :

- Forming
- TIG Welding
- Heat treatment (size up to 1780x1700x1600mm)
- 3 axes cutting 18000 rpm, 9Kw, capacity up to 29500x12300mm
- Press brake : up to 200T on 2 axes, max length up to 3150 mm
- Hydraulic Press up to 400T , surfaces up to 670x670mm

Special processes

- Non destructive test
 - Liquid penetrant test level 2 & 3 (dimensions 975x975x1975mm)
 - X-ray
 - Magnetic particle control(dimensions L=975mm Ø=250mm)
 - Foucault current
- Surface treatment
 - Chromic and sulfuric anodization
 - Nitric Passivation
 - TSA
 - Cadmium
 - Dimensions up to 4420x600x1170mm
- Painting
 - Open cab
- Integrated analysis laboratory
